Tracy C. Davis : Actresses as Working Women: Their Social Identity in Victorian Culture (Gender in Performance) before purchasing it in order to gauge whether or not it would be worth my time, and all praised

Actresses as Working Women: Their Social Identity in Victorian Culture (Gender in Performance):

Using historical evidence as well as personal accounts, Tracy C. Davis examines the reality of conditions for 'ordinary' actresses, their working environments, employment patterns and the reasons why acting continued to be such a popular, though insecure, profession. Firmly grounded in Marxist and feminist theory she looks at representations of women on stage, and the meanings associated with and generated by them.

"Crucial reading for the serious theater historian, this book will also interest those concerned more generally with feminist and Victorian subjects.." -- Choice About the Author Tracy C. Davis
