**Donald E. Morse, Csilla Bertha, Maria Kurdi : Brian Friel's Dramatic Artistry: 'The Work Has Value' (The Theatre of)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Brian Friel's Dramatic Artistry: 'The Work Has Value' (The Theatre of):

Brian Friel's Dramatic Artistry presents a refreshingly broad range of voices: new work from some of the leading English-speaking authorities on Friel, and fascinating essays from scholars in Germany, Italy, Portugal, and Hungary.

This book deepens our knowledge and enjoyment of Friel's work.
