**Tanja Kimm : Flames Of The Past: A Short Story** before purchasing it in order to gage whether or not it would be worth my time, and all praised Flames Of The Past: A Short Story:

In 1988, Megan discovered a secret that destroyed her young life...as well as a fire that turned her and her brother into orphans from one moment to another. Trying to forget what she has seen in her family's basement, she starts a career in law enforcement. 26 years later, the truth uncovers itself in the most shocking way, leaving Megan to face her past one last time. Will she finally find peace? Or will she fall right back into the nightmare she woke up to 26 years ago?
