Subha Mukherji : Law and Representation in Early Modern Drama before purchasing it in order to gage whether or not it would be worth my time, and all praised Law and Representation in Early Modern Drama:

This examination of the relation between law and drama in Renaissance England establishes the diversity of their dialogue, encompassing critique and complicity, comment and analogy, but argues that the way in which drama addresses legal problems and dilemmas is nevertheless distinctive. As the resemblance between law and theatre

concerns their formal structures rather than their methods and aims, an interdisciplinary approach must be alive to distinctions as well as affinities. Alert to issues of representation without losing sight of a lived culture of litigation, this study primarily focuses on early modern implications of the connection between legal and dramatic evidence, but expands to address a wider range of issues which stretch the representational capacities of both courtroom and theatre. The book does not shy away from drama's composite vision of legal realities but engages with the fictionality itself as significant, and negotiates the methodological challenges it posits.

"the book rewards careful attention, frequently eliciting insights so striking that one wonders how they escaped notice until now." - John D. Schaeffer, Northern Illinois University, *Renaissance Quarterly*"this volume adds an important new perspective to Renaissance studies in its concentration on the nexus between law and literature, from a historical point of view." - Daniela Carpi, University of Verona
About the Author
Subha Mukherji is a lecturer at Fitzwilliam College, Cambridge University.
