From University Alabama Press : *Magical Muse: Millennial Essays on Tennessee Williams* before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Magical Muse: Millennial Essays on Tennessee Williams*:

In this unique and engaging collection, twelve essays celebrate the legacy of one of America's most important playwrights and investigate Williams's enduring effect on America's cultural, theatrical, and literary heritage.

Two recent volumes of essays, *Magical Muse: Millennial Essays on Tennessee Williams* and *The Undiscovered Country: The Later Plays of Tennessee Williams*, attest to ongoing interest in both the dramatic works and the biography of one of America's most significant playwrights. Building in part on new productions and the publication of previously inaccessible texts and letters in the past few years, the collections attempt to add to the available body of knowledge, provide new interpretations of individual plays, and offer a reassessment of Williams's work, especially the late dramas. *Theatre Journal*
