Hearing him personally describe his approach in his own words made so many things clear to me that were not immediately clear in his books. What a treasure for anyone wanting to hear it

straight from the man himself! Highly recommended for any library or interested student.6 of 6 people found the following review helpful. A MasterclassBy BurkeheartThis is a wonderful audio book which is a must for anyone interested in Drama and the actor's art.It was recorded in California in 1955 - the year Michael Chekhov died. The listener has expounded for him/her - in Chekhov's own warm and inimitable tones - the secrets of acting. Chekhov's approach is comprehensive - physical , psychological and spiritual.Just to listen is enriching.0 of 0 people found the following review helpful.
