A.C. Grayling, Mick Gordon : On Religion before purchasing it in order to gauge whether or not it would be worth my time, and all praised On Religion:

Informed by conversations with Britain's leading philosophers, theologians and scientists, including Professor Richard

Dawkins, Rev Dr Giles Fraser, Professor John Gray, Baroness Julia Neuberger, Archbishop Rowan Williams and Tariq Ramadan, *On Religion* is a considered exploration of the complex issues of faith and religion, presented through a moving, theatrical story. *On Religion* is part of a groundbreaking series of theatre essays, which use theatre as a way of exploring the fundamental preoccupations of modern life. Other works include *On Ego*, *On Love* and *On Death*, also published by Oberon Books. *On Religion* premiered at the Soho Theatre in November 2006.
