**John McCormick : Popular Theatres of Nineteenth Century France** before purchasing it in order to gage whether or not it would be worth my time, and all praised Popular Theatres of Nineteenth Century France:

This is the only book to provide an account of how popular theatre developed from the fairground booths of the

eighteenth century to become a vehicle of mass entertainment in the following century. Whereas other studies offer a traditional approach to the theatres of high culture, John McCormick takes the role of impartial historian, uncovering the popular theatres of the boulevards, suburbs and fairgrounds. He focuses on the social and economic context in which vaudevilles, pantomimes and melodramas were performed, and explores the audiences who enjoyed them.

'Lucid, tightly argued and highly readable ...' - Theatre Research Intl  
About the Author John McCormick is at Trinity College, Dublin.
