**Helen Gilbert, Joanne Tompkins : Post-Colonial Drama: Theory, Practice, Politics** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Post-Colonial Drama: Theory, Practice, Politics:

Post-Colonial Drama is the first full-length study to address the ways in which performance has been instrumental in resisting the continuing effects of imperialism. It brings to bear the latest theoretical approaches from post-colonial and performance studies to a range of plays from Australia, Africa, Canada, New Zealand, the Caribbean and other former colonial regions. Some of the major topics discussed in Post-Colonial Drama include: \* the interactions of post-colonial and performance theories \* the post-colonial re-stagings of language and history \* the specific enactments of ritual and carnival \* the theatrical citations of the post-colonial body Post-Colonial Drama combines a rich intersection of theoretical approaches with close attention to a wide range of performance texts.

'The book as a whole brings to the attention of teachers and theatre producers a host of plays that could enrich audiences and readers in South Africa, as well as Britain and North America.' - Journal of South African Studies, June 1998  
About the Author
