Aleksey Scherbak, Rory Mullarkey : Remembrance Day (Oberon Modern Plays) before purchasing it in order to gage whether or not it would be worth my time, and all praised Remembrance Day (Oberon Modern Plays):

Can you be a hero if you fought for Nazi Germany?The Latvians who fought for the Third Reich and halted the Red

Army parade as heroes every year through the streets of Riga. As a growing number of young Russians campaign to halt the 'fascist' march, their Latvian counterparts join the veterans in commemoration. When teenager Anya becomes a political activist, her father's attempts to calm the situation stir up a storm of extremist patriotism. Remembrance Day takes an look at the fight for the political soul of Latvia.

" "A little masterpiece of power, wit and heart - powerfully expresses the absurdity of enmity, between neighbours. Pure, brilliant theatre." - Libby Purves, The Times 'Extraordinarily powerful - I kept thinking how deeply both Mikhail Bulgakov and Sean O'Casey would have appreciated its human and artistic qualities - Unreservedly recommended.' - Paul Taylor, The Independent 'This is an instructive piece which neatly draws attention to one of Europe's less widely reported scenes of political turbulence.' - Henry Hitchings, Evening Standard"About the Author"Aleksey Sherbak lives in Latvia and is the author of 11 plays which have been performed in Belarus, Latvia, Russia and Sweden.
