William McKenzie, Theodora Papadopoulou : Shakespeare and I (Shakespeare Now!) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Shakespeare and I (Shakespeare Now!):

Following the ethos and ambition of the Shakespeare NOW! series, and harnessing the energy, challenge and vigour of the 'minigraph' form, Shakespeare and I is a provocative appeal and manifesto for a more personal form of criticism. A number of the most exciting and authoritative writers on Shakespeare examine and scrutinise their

deepest, most personal and intimate responses to Shakespeare's plays and poems, to ask themselves if and how Shakespeare has made them the person they are. Their responses include autobiographical histories, reflections on their relationship to their professional, institutional or familial roles and meditations on the person-making force of religious or political conviction. A blog at <http://shakespearenowseries.blogspot.com> enables both contributors and readers to continue the debate about why Shakespeare keeps us reading and what that means for our lives today. The book aims to inspire readers to think and write about their ever-changing personal relationship with Shakespeare: about how the poems and plays — and writing about them — can reveal or transform our sense of ourselves.

"The ambitious project of the Shakespeare NOW series is to bridge the gap between 'scholarly thinking and a public audience' and 'public audience and scholarly thinking'. Scholars are encouraged to write in a way accessible to a general readership and readers to rise to the challenge and not be afraid of new ideas and the adventure they offer. There are other bridges the series is ambitious to cross: 'formal, political or theoretical boundaries' — history and philosophy, theory, and performance." *English Vol. 58*, 2009
