Eric Bentley (Editor) : Shaw on Music before purchasing it in order to gauge whether or not it would be worth my time, and all praised Shaw on Music:

0 of 0 people found the following review helpful. Mostly VerdiBy JohnExcellent book. Most of it being related to trifles about composers of the 19th century and their music. However, he got me on the Beethoven centenary; an excellent and poetic write up about the composer. Furthermore, I've always loved Weber's music, and few writers do

him justice like Shaw does. All and all, I was quite taken by the book.0 of 0 people found the following review helpful. Very funny book by one of the great authorsBy jhI bought the abridged Kindle version of this book because I enjoyed the full print version. It's both funny and informative. It's a collection of reviews, so you can pick it up and read for a few minutes while waiting in line for something. Shaw's ironic sense of humor may take some getting used to, but underneath the humor and political commentary there's also a lot of good information that is still helpful for music lovers today.0 of 1 people found the following review helpful. Five StarsBy Douglas BurgessMet expectations....Doug

(Applause Books). This volume contains the best of Shaw's musical writing, including sections on Gluck, Handel, Mozart, Beethoven, Rossini, Verdi, Berlioz, pieces on opera, musical analysis, oratorios, Gilbert and Sullivan, plus a long autobiographical preface, one of Shaw's most self-revealing works. The result is a book of unparalleled brilliance and grace by a writer who, according to W.H. Auden, "was probably the greatest music critic who ever lived." "For all music collections."
