Frank Wedekind : Spring's Awakening: A Children's Tragedy before purchasing it in order to gage whether or not it would be worth my time, and all praised Spring's Awakening: A Children's Tragedy:

1 of 1 people found the following review helpful. a story of coming of ageBy Amber Rometschvery dark at times. A great critique of society, very real interactions between young kids exploring sex, some ambiguity about a rape, very insightful and emotionally stirring6 of 7 people found the following review helpful. tragic results of inability of generations to communicateBy Stephen M. Picca MDTold in simple yet compelling language this play tells the story of adolescents attempting to grow up and understand the adult world with all its mysteries, especially sexuality. The parents and teachers they encounter however are too obsessed with being "respectable" citizens to be able to honestly deal with the thoughts and feelings of their own children. The result is tragedy for all involved.0 of 0 people found the following review helpful. The original Spring's AwakeningBy carlamarLoved the play and the forward by EB! I was

trying to find this play everywhere for a play analysis class and had it.

A translation of Frank Wedekind's play *Spring's Awakening: A Children's tragedy* .
