**Michael Fleming : Teaching Drama in Primary and Secondary Schools: An Integrated Approach** before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Teaching Drama in Primary and Secondary Schools: An Integrated Approach*:

This book will be of major interest to student teachers, teachers, lecturers and researchers. It provides a case for an integrated approach to the teaching of drama in primary and secondary schools that will help practitioners develop a theoretical rationale for their work. It also offers practical examples of lesson plans and schemes of work designed to give pupils a broad and balanced experience of drama. These are presented within a framework that argues for an integration of content and form, means and ends, and internal and external experience. Whereas the author's previous work argued for an inclusive approach that reconciled polarized views about performance drama and improvisation, this book shows how those activities can be related to each other in practice in an integrated curriculum.

About the Author Michael Fleming is Director of Initial Teacher Training at the University of Durham.
