Richard Schechner : The Future of Ritual: Writings on Culture and Performance before purchasing it in order to gage whether or not it would be worth my time, and all praised The Future of Ritual: Writings on Culture and Performance:

0 of 0 people found the following review helpful. and am glad to see this book bringing together not just his ...By Jesse J. Thomas Many years ago I traveled to NYC and attended several times Schechner's Dionysius 69 theater rituals in NYC, once with a group of my students. He has had a long history of bringing together art and ritual, and I returned recently to that field as a resource and refer to Schechner's work with the Performance Group when I do. So I looked

to see what he had done in recent years, and am glad to see this book bringing together not just his history in that field but his outlook into the future. I think of him every time I listen to Stravinsky's Rite of Spring, which is often. Schechter was and is a man ahead of his time. He has certainly left an impression on me. 0 of 0 people found the following review helpful. Interesting read By Weekend Gardener Interesting read. 0 of 1 people found the following review helpful. Five Stars By Customer Good

In *The Future of Ritual*, Richard Schechner explores the nature of ritualised behaviour and its relationship to performance and politics. A brilliant and uncontainable examination of cultural expression and communal action, *The Future of Ritual* asks pertinent questions about art, theatre and the changing meaning of 'culture' in today's intercultural world. An exciting new work by the author of *Performance Theory*.
