**J. Boll : The New War Plays: From Kane to Harris** before purchasing it in order to gage whether or not it would be worth my time, and all praised The New War Plays: From Kane to Harris:

How can war be represented on stage? How does the theatre examine the structures leading to violence and war and explore their transformation of societies? Springing from the discussion about 'New Wars' in the age of globalisation,

this interdisciplinary study demonstrates how these 'New Wars' bring forth new plays about war.

About the Author Julia Boll is a Marie Curie Fellow in literature and theatre at the University of Konstanz's Zukunftskolleg and teaches in the Department of Literature.
