**Euripides : The Orestes Plays (Hackett Classics)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Orestes Plays (Hackett Classics):

Featuring Cecelia Eaton Luschnig's annotated verse translations of Euripides' Electra, Iphigenia among the Tauri, and Orestes, this volume offers an ideal avenue for exploring the playwright's innovative treatment of both traditional and non-traditional stories concerning a central, fascinating member of the famous House of Atreus.

About the AuthorCecelia Eaton Luschnig is Professor Emerita of Classics, University of Idaho, and author of An Introduction to Ancient Greek, Second Edition.
