Roger L Simon, Sheryl Longin : The Party Line: A Full-Length Play before purchasing it in order to gage whether or not it would be worth my time, and all praised The Party Line: A Full-Length Play:

5 of 5 people found the following review helpful. An Exciting, Suspenseful Page-Turner, with Great CharactersBy Bobby TierneyThis play combines brilliant historical insights with the personal stories of fascinating characters. You see how the main characters helped to drive the history of their times - and how they themselves were personally impacted by the history they helped create. Remarkable and highly recommended!1 of 1 people found the following

review helpful. IntriguingBy James DelahantyI don't really buy into the argument that the works of Duranty and the current deliberate silence over the role of Islam in public events are essentially parallel, but this is an interesting attempt to make the argument. Although I am a seasoned play reader, it could be that the work plays better on stage than it does on the page. Of course, anything that breaks through the current Hollywood bluster of half-truths and outright lies has to be a major plus, if only for the fresh air.² of 2 people found the following review helpful. A real eye-openerBy SkippyRoadsterThis play is very easy reading, I hope it goes on Broadway because I learned a lot and was entertained through-out. Americans need to know how media can be swayed, if not out-right bought.

THE PARTY LINE is a historical drama. Using real and fictional characters, it intermingles the story of Walter Duranty ndash; the New York Times'squo; Pulitzer Prize-winning Moscow correspondent in the 1930s ndash; with the more contemporary story of Dutch politician Pim Fortuyn who was assassinated in 2002, on the eve of becoming prime minister. Sheryl Longin and Roger L. Simon have accomplished a breathtaking feat in their imaginative and topical play, The Party Line. The title, as students of Communism know, refers to onersquo;s adherence to the current position on an issue as outlined by the Communist Party in its heyday. . . .
