Scenography (Theatre and Performance Practices):

Chris Baugh explores how developments and changes in technology have been reflected in scenography throughout history. Taking into account the latest research, his new edition examines moving light technologies, the internet as a platform of performance, urban scenography and how scenography has developed as a collaborative practice.

Praise for the first edition: 'An extremely valuable work, which combines detailed analysis with a helpful contextual overview.' - Professor Dominic Shellard, University of Sheffield, UK
'There simply are no competing texts: Chris Baugh's unique arrangement of scenographic buttons is immediately a key work in the field - invaluable and long overdue.' - Richard Downing, University of Wales, Aberystwyth
