**Fay Hayton : To Have but not To Hold** before purchasing it in order to gage whether or not it would be worth my time, and all praised To Have but not To Hold:

Pregnant and abandoned by the father of her child, twenty-eight-year-old Kellie Lund takes on a housekeeping job with Dr. James Harvey ndash; a bitter mistrusting man whose wife left him two years ago, taking with her their one year old son, Harry.James searched for his son but to no avail. Now hersquo;s been found in Sydney, living in squalid

conditions with his drug addicted mother. He's returned to the doctor by child services. Harry doesn't speak and presents many challenges to the young pregnant housekeeper. At her interview, Kellie never let on that she was pregnant and the doctor is livid and unforgiving when he finds out. Join Kellie on her roller-coaster journey as she struggles to find security and happiness for herself and her unborn child. Join Kellie on her roller-coaster journey as she struggles to find security and happiness for herself and her unborn child.
